UL Environment is committed to maintaining the high value of the ECOLOGO mark and protecting the reputation of your products, brand, and company. We ask that you please notify your UL Environment Client Service Coordinator as soon as possible of any changes made to formulations, bill of materials, manufacturing locations, or of any changes that may affect the compliance of your products.

Our UL Environment marketing team is dedicated to supporting your mark integration by reviewing and approving any and all use of the mark or certification messaging. As stated in the brand guidelines, materials may be submitted directly to your marketing manager, or to ULEmarketing@ul.com. Please allow 3-5 business days for review.

The ECOLOGO® Program looks forward to Chemotec's participation in the Program as a licensee. Please do not hesitate to contact your Client Service Coordinator or myself if we can be of further assistance.

Sincerely,

A handwritten signature in cursive script that reads "Cara Beatty".
